Become a Chiropractor | Education and Career Roadmap
ChiroNexus recently listed the top 10 chiropractic studies of 2013. In my experience, chiropractic studies tend to be of poor quality. A media report says “study shows chiropractic works for X,” and when I look for the study it turns out to be a single case report or an uncontrolled study.

Integrating Massage, Chiropractic, and Acupuncture in ...
Chiropractic is not a science, but that doesn't mean that nothing they do is based on science. There is evidence that spinal manipulation therapy is effective for some kinds of low back pain. It is no more effective than other treatments for low back pain, but is a viable option for patients who prefer it.

Ian D. Coulter - Profile | RAND
Electives may be concentrated in health, fitness, and nutrition. Students should, if given the opportunity, study topics and courses related to kinesiology and sports medicine. Courses in psychology and sociology will also help students to gain a more comprehensive understanding of people and society, better preparing them to serve the public.

GENERAL REQUIREMENTS FOR PALMER CHIROPRACTIC
Coursework in ...
Chiropractic is a pseudoscientific complementary and alternative medicine (CAM) that is concerned with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. Chiropractors have proposed, especially those in the field's early history, that such disorders affect general health via the nervous system. The main chiropractic treatment technique ...
