...

This must-have practical handbook for Large, Complex Projects originated in the trenches of actual Project execution. It differs markedly from most handbooks on Project scheduling by taking the Project Manager's point of view. It thus fills a gap between Project management and Schedule professionals to create useful conversations in organizations.

9789810943226: Advanced Scheduling Handbook for Project ...

Excellent practical book about Project Scheduling, with a focus on large projects. It covers all aspects of scheduling from the perspective of the project manager (it is not a technical book for scheduling professionals). For example, it gives useful indications on how to judge the quality of a schedule and how to make sure the project schedule remains useful during the course of the project.
