GENDER AND RELIGION: GENDER AND AFRICAN RELIGIOUS TRADITIONS Gender has been variously defined in diverse contexts. For this entry, however, gender may be understood to refer to defined capacities and attributes assigned to persons based on their alleged sexual characteristics. Gender, then, is a construct within a people's living experience, embedded in the base of their philosophy and ...

ideologies and the access of women to benefits brought about by development is difficult ...

### ~~Gender, Patriarchy, and Development in Africa: The ...~~

A critique of concepts has been central to feminist scholarship since its inception. However, while gender scholars have identified the analytical gaps in existing social science concepts, few have systematically mapped out a gendered approach to issues in political analysis and theory development.

2 African Gender Scholarship: Concepts, Methodologies and Paradigms In this paper, I interrogate gender and allied concepts based on African cultural experiences and epistemologies. I focus on the nuclear family system, a specifically European form that is also the original source of many of the concepts used universally in gender research.
