Amazon Web Services in Action [Book] - O'Reilly Media

Amazon Web Services (AWS) is a platform of web services offering solutions for computing, storing, and networking, at different layers of abstraction. You can use these services to host web sites, run enterprise applications, and mine tremendous amounts of data. The term web service means services can be controlled via a web interface. The web interface can be used by machines or by humans via a graphical user interface.

Amazon.com: Amazon Web Services in Action (Audible Audio ...

Amazon Web Services in Action is a very high level primer book. If you know next to nothing about AWS this book is perfect. If you've been studying AWS or using AWS for a few months this book is going to feel like a review. The book will give you a well thought out but shallow view of AWS's major service offerings.
