fields, Decoding Love takes on a topic we all think we understand-how we fall in love-and illustrates that most of our assumptions are wrong. Along the way, Andrew Trees offers surprising new insights into the nature of attraction and desire, as well as an intimate look at the strange intersection of romance and the modern world of dating.

who has tracked down lots of compelling scientific/data evidence for why men & women typically behave the way we do toward members of the opposite sex. Neither book, of course gives the entire story on how we become friends and lovers, but together they are powerful information that can encourage your lovelife.
