first book to chronicle this company's amazing contribution to the amplifier, providing a complete overview of its history and operation. From the K&F amp of 1945 to the Custom Amp Shop line of today, you'll understand why musicians continue to collect, rely and relish the sound of a Fender amplifier.

The Fender Champ was a guitar amplifier made by Fender. It was introduced in 1948 and discontinued in 1982.

# Download File

## PDF Fender Amps

### The First Fifty

An updated version was introduced in 2006 as part of the "Vintage Modified" line. The Champ had the lowest power output and the simplest circuit for all of the Fender tube amps. The Champ had only one power tube, and the power stage circuit is, typically, single-ended and class A.
