National Seashore ...*

In the December of 1996, the Fire Island Lighthouse Preservation Society had made an agreement with the National Parks Service, effectively taking over maintenance and operation of the Fire Island Lighthouse and keeper's Quarters'. Today the lighthouse is lit using 2, 1000-watt bulbs, rotating in a counter-clockwise direction.

Dwelling: Carole L ...*

The Fire Island Lighthouse is a visible landmark on the Great South Bay, in southern Suffolk County, New York on the western end of Fire Island, a barrier island off the southern coast of Long Island. The lighthouse is located within Fire Island National Seashore and just to the east of Robert Moses State Park. It is part of the Fire Island Light Station which contains the light, keepers quarters, the lens building containing the original first-order Fresnel lens, and

a boat house.

Report Fire Island National Seashore Patchogue New York Volume 2 *History of the Fire Island Lighthouse - Fire Island ...*

The Fire Island Lighthouse Preservation Society took over maintenance and operation of the lighthouse and keeper's quarters from the National Park Service in December of 1996. The lighthouse was privatized in 2006 when the U.S. Coast Guard signed over operational duties to the Fire Island Lighthouse Preservation Society.

*Fire Island Lighthouse - Long Island
History*

The Lighthouse was restored to its 1939 condition, which is when electricity was first installed. On Memorial Day, May 25, 1986, the Fire Island Lighthouse was relit and reinstated as an official aid to navigation. In December 1996 the Fire Island Lighthouse Preservation Society (FILPS), through an agreement with the National Park Service, took over maintenance and operation of the Fire Island Lighthouse and Keeper's Quarters'
