GE is the same company with the same processes, almost same workers and branding, and in case you need to service your GE Range Model GE XL44 317B6641P001, you still have the same phone line and service point. The consumers will not see the difference, most of them don't even know that a Chinese company is behind the brand.

If you pull the range out from the wall for any reason, make sure the device is properly engaged when you push the range back against the wall. If it is not, there is a possible risk of the range tipping over and causing injury if you or a child stand, sit or lean on an open door. Please refer to the Anti-Tip device information in this manual.
