JW I have had my Hegner for over 20  
years and it is still going strong with no  
wish to change it. It has been upgraded  
and modified to suit my requirements,  
many of these are detailed on my web  
site in the Hints and Tips section. Like  
most people I would like a bigger  
machine but I cannot justify it when the  
Hegner caters for my Woodturning  
Needs.
