as it is, and then learn how the surface of the earth changes due to weathering and erosion. In a hands-on laboratory, students study earth's soils, comparing and contrasting them and examining how desertification takes place.

Introduction to Earth Science Spheres of the Earth

### **Earth Science - K12**

K12 Virtual Labs Earth Science. In science courses, laboratory activities are implemented to develop and reinforce knowledge and skills that support mastery of lesson objectives. During lab investigations, students apply the scientific method, responding to questions by formulating hypotheses, gathering necessary materials, following procedures, using tools and equipment, gathering and analyzing data, and drawing conclusions.
