Lawn Care Pricing Guide - Lawn Mowing Business

If the average price per cut in your area is \$35 for an average sized lawn, say a 50 X 75 foot lot, then what that means is that you have to figure out how much of your time you can spend for \$35. You do that like this: You divide that average price by your man hour figure and then multiply by 100.

Lawn Service Pricing | ATL Lawn Care

To reach the \$60 price level you would have to have fairly high price averages in your area and market your services at a premium. I would say that a more realistic national average is around \$40 to \$45 per man hour. If you are pricing a lawn care job by the hour never let customers know this as they could feel cheated. If you quote them for a certain time period and then they find that you are finishing in a much shorter amount of time they may feel that they should be paying less.

Successfully pricing lawn care & additional services

The average lawn mowing cost is around \$61 for a professional mowing services, but the exact price will depend on where your home is as well as the total size of your lawn. Most lawn care services will charge a flat rate per visit including lawn mowing, edging, leaf-blowing and clean up.

How to Calculate Lawn Services | Bizfluent

On average, homeowners spend about \$133 on lawn services although that varies based on the types of treatments a lawn needs. Here are some cost considerations when you're looking at services. Here are some cost considerations when you're looking at services.

How to Price a Lawn Mowing Job - Pricing Methods

No doubt about it the consensus among the lawn care services who participated in our poll is that their average charge for professional lawn mowing services is around \$1 per minute of grass cutting. Put another way, lets say it takes your lawnmowing service 30 minutes to mow your yard by himself, and so you can figure the \$30 per each lawn mowing is a fair price to pay based on average market pricing.
