en The first skyscraper, technically-- and the definition of a skyscraper is 10 stories tall, believe it or not — but the first skyscraper was this one in Chicago, and people were terrified to walk underneath this building.

~~Parshvanath College of Engineering—Wikipedia~~

The first Bachelor of Mechanical Engineering degree was awarded in June, 1878, to Charles S. Bushwell. During those early years, the entire college comprised only a handful of students and faculty. By 1896 twenty-seven students were studying in the field, and by 1901 Mechanical Engineering had a building of its own. The department was formed in 1889, when Professor John L. Flather was designated Department Head. Among courses taught by Flather were Railway Design and Locomotive Construction ...
