~~Merit Pay Linking Pay Increases To Performance Ratings~~

Merit pay: Pay increase added to employees' base pay based on their level of performance. Incentive pay: Reward employees for partially or completely attaining a predetermined work objective. Is defined as compensation, other than base wages or salaries, that fluctuates according to employees attainment of some standard (e.g., a pre-established formula, individual or group goals, or company ...

~~Linking Merit Pay with Competitive Strategy by Dr. G C Mohanta~~

However, there is a potential downside to linking pay (merit pay, pay for performance) with performance appraisals. By doing so a conflict is created between two functions -- improving performance, and deciding on increases.

~~Merit pay : linking pay increases to performance ratings ...~~

Merit pay, also known as pay-for-performance, is defined as a raise in pay based on a set of criteria set by the employer. This usually involves the employer conducting a review meeting with the employee to discuss the employee's work performance during a certain time period. Merit pay is a matter between an employer and an employee (or the employee's representative).

~~COVID-19 pandemic's impact on workforce and pay programs ...~~

Merit increases focus on your staff's performance towards a goal, whereas simple pay raises are just arbitrary increases based on their duration of time at the company or cost of living adjustments. Merit raises are supposed to motivate the whole staff, but can quickly breed resentment if employees don't think it's done fairly.

~~What is a Merit Increase and Why They Matter? | Glassdoor~~

Merit Increases. Duke is committed to linking the opportunity for annual pay increases to staff performance during the year. The opportunity for an annual merit increase is based on an individual's annual performance evaluation and annually approved guidelines.
