On Sibling Love, Queer Attachment and American Writing. London: Routledge, <https://doi.org/10.4324/9781315247687>. COPY. Sibling bonds, both literal and figurative, have had a crucial role in American writings of queer desire and identity. In nuanced and original readings, Denis Flannery demonstrates the centrality of fraternal and sororal love to queer strands of nineteenth- and twentieth-century texts from the elemental wildnesses of Moby-Dick to David Fincher's postmodern cinema; from the ...

### On Sibling Love, Queer Attachment and American Writing ...

At this stage of attachment, siblings are able to communicate intensely and find support in their love. They truly hear one another. Genuine sibling attachment is more than just getting along, it is about being known to each other. It takes time, perhaps even into adulthood, to develop the deeper levels of attachment between brothers and sisters.
