Vehicles equipped with Precision Drive System™ (PDS) must be towed with the Run-Tow/Maintenance switch, located under the passenger seat, in the 'Tow/Maintenance' position. Signs similar to the ones illustrated should be used to warn of situations that could result in an unsafe condition.

OWNER'S MANUAL AND SERVICE GUIDE

The PDS is designed engineered to provide maximum safety for operator and payload. Some of the safety features incorporated into the design are: • Dead-man brake to apply the brake and cut off drive power when the steering arm is released.
