

Prejudice Its Social Psychology 2nd Edition

Prejudice Its Social Psychology 2nd

The second edition of Prejudice provides a comprehensive treatment of the subject, introducing the major theoretical ideas as well as providing a critical analysis of recent developments. Brown tackles prejudice from a social psychological perspective, viewing it primarily as a phenomenon originating in group processes but shaping individuals' behavior and perceptions.

Prejudice: Its Social Psychology 2nd Edition, Kindle Edition

Takes a social psychological perspective, analysing individual behavior as part of a pattern of intergroup processes Covers the major research, including classical personality accounts, developmental approaches, socio-cognitive research focussing on categorization and stereotyping, prejudice as an intergroup phenomenon, and ways to combat prejudice Illustrates concepts with examples of different kinds of prejudice drawn from everyday life Includes a new chapter on prejudice from the victims ...

Prejudice: Its Social Psychology (2nd edition) | Rupert ...

"In the 15 years since the publication of the first edition of this book, there have been many exciting advances in the study of prejudice. Rupert Brown's well-written second edition of Prejudice expands his earlier volume with a straightforward description of these new advances. This welcome addition to the shelf of social psychological books is now the definitive text of choice on the subject.
