Whoever controls the seeds controls the food supply.

Seed Libraries | New Society Publishers

Based on practices at other seed libraries, I decided that each envelope should contain enough seed for three to five plants. Given that not all seeds germinate, that means there are generally between nine and fifteen seeds in each packet. Some seeds are incredibly tiny--dust sized even--and for those we generally disregard the rule and ...

Seed Libraries: And Other Means of Keeping Seeds in the ...

Seed Libraries gives readers the tools and know-how to set up their own seed distributing communities. The community could be through a public library, informal seed swap, or other location. Cindy goes into enough detail about the specifics so that first timers or inexperienced gardeners can get an overview of what will be required, but not so much information so that the reader feels overwhelmed.
