What Japanese Architecture Nishi Kazuo

What Japanese Architecture Nishi Kazuo

A difficult book to accurately appraise. It isn't all that good, but it is about as good as anything in English about Japanese architecture. I was very pleased to see solid descriptions relating the periods to the buildings, and found the general flow quite nicely done, but at the same time the two Kazuo's assumed a lot about their own culture that didn't travel well around the world to the US.

Traditional Japanese architecture-whether Buddhist temples or Shinto shrines, residences, castles, or teahouses-has become increasingly familiar around the world. Through the media of motion pictures, art books, T.V. documentaries and dramas such as Shogun, as well as ...

What is Japanese Architecture?: A Survey of Traditional ...

A super guide for the understanding of the form and structure of traditional, historic Japanese architecture. Many diagrams of structures. Not lots of photos - but the illustrations of construction techniques, plans, sections and elevations give a different perspective than the plentiful picture books of Japanese architecture.
