Whole numbers test. You can print the whole numbers test before you start taking the test. Then try to answer all the questions. The last 4 questions on the test are word problems.

Free 7th Grade Math Worksheets

No, a better choice for a number compatible to 20 is 21: $\frac{3}{7}$ $\frac{21}{9}$. Sample answer: The first estimate uses a compatible whole number to estimate and the second uses a compatible benchmark fraction. Both are reasonable ways to estimate, and in this case, one method is not better than the other. Sample
