As urologic procedures continue to migrate from the inpatient to the office setting, office-based surgery assumes greater importance, particularly with respect to patient safety. Numerous states have issued regulations establishing guidelines for surgery in the office setting; however, not every state has such specific protocols.

Journal of Urology

A Message From Dr. Young Thank you for visiting the website of Prostate Evaluation Center. I moved to Lake County in 1982 after completing my training at the University of Arkansas to address the urologic needs of the area.
